

LONGLIFE glanzler

Multipurpose Emulsion Polish

■ Protection ■ Care ■ Cleaning

Product profile

- LONGLIFE glanzler is a special emulsion with multipurpose properties, which forms a low-slip (according to DIN 51131), hard-wearing protective layer with a light shine.
- Ensures perfect protection and preservation of the original floor characteristics against wear and tear.
- Occasional polishing enhances the look and densifies the applied protection film extending the durability of the surface. Restoration of walkways postpones the need of intensive cleaning measures.

Area of application

- LONGLIFE glanzler is suitable for all waterproof floor coverings, particularly where a non-slip finish is required.

Ingredient declaration

For the ingredients list, please see the Safety Data Sheet
