

Facemate® Flat Fold Respirator Masks

Breathe Easy in Comfort

Facemate® Flat Fold Respirator Masks

Irema Ireland has been manufacturing face masks under the Facemate® brand in Ireland for over 30 years. The latest addition to the Facemate® product portfolio is a new range of Certified Facemate® Respirators to protect people working in environments where harmful particles, pathogens and aerosols present a danger to their respiratory systems and long-term health. Healthcare workers, Medical and Military personnel, Cleanroom operatives, Industrial, Agricultural and Construction workers will benefit from using the new Facemate® Respirator.

Product Code Ref No.	Class: FFP2 NR
	CE Number 636690
	EN 149:2001+A1:2009
