sækko.boy

Lid for Sækko-Boy waste stand, Sækko-Boy, 14.5x32.5x1cm, blue, recycled plastic

- ✓ Easy to click on and off the waste bin
- ✓ The color indicates which type of waste must be sorted in the bin

Product Description

The lids for the practical Sækko-Boy waste stand are available in the colors black, blue, and green. The colors make it easy and clear to sort the waste at source correctly on the go. The lids are easy to mount and can be opened in two ways. If the bin is placed on the right side of the stand, however, the lid can only remain permanently open if the lid is placed on the right side of the bin. This upgrade of the Sækko-Boy stand allows you to adapt it to your specific wishes and needs in terms of sorting waste. In other words, you don't need to replace the entire stand, but can simply add products. Among the various options available, you can, for example, choose to use our new waste sacks that are adapted so that two sacks can be hung in the stand's sack holders. Otherwise, you can choose to have a waste sack and a waste bin hanging inside the stand combined with two waste bins hanging on the opposite sides of the stand.

Specifications

Base name	Lid for Sækko-Boy waste stand
Brand	Sækko-Boy
Color	Blue
Material	Recycled plastic
Length/depth	14.5 cm
Width	32.5 cm
